On-site

The register for integrated farming of agricultural products must be registered if the person wishes to:

- receive State and European Union aid payments for agricultural products grown (vegetables, potatoes, fruit trees and berry products);
or/and
- include an indication of the national food scheme in the labelling of products in accordance with the regulatory enactments regarding the requirements for food quality schemes (e.g. "green spoon");
or/and
- participate in the School Milk and Fruit Programme.

Process description

Service requests

E-service

- Customer authenticates farming industries on the e-service site and submit an application

Information on completing and submitting an e-service application is available in the "E-Service User Guide" (see "Documents and Forms").

E-mail

- the customer sends the application to the e-mail address of the State Plant Protection Service or to the official electronic

address

- the application must be signed with a secure electronic signature

Mail

- the customer sends the application by post

In person

- customer arrives at the State Plant Protection Service and submits documents

Documents to be submitted

For registration in the register - filled in application form

For deletion from the register - application in free form for deletion from the Integrated Growing Register for Agricultural Products

The service is free.

The State Plant Protection Service shall examine the application and take a decision regarding:

- the registration of a person in the Register of Integrated Growing of Agricultural Products;

Or

- the removal of a person from the register.
