Person importing an unregistered fertiliser for the purpose of carrying out its efficacy tests and studies after importation

Get a service

On-site

An authorisation for the importation of an unregistered fertiliser for efficacy trials and studies shall be issued if the fertiliser has not been registered and is not hazardous to human and animal health and the environment.

The State Plant Protection Service shall:

- review the documents submitted;
- decide on the issue of an authorisation for imports of unregistered fertiliser for efficacy trials and studies.
