Only plant protection products registered in the Latvian Register of Plant Protection Products are authorised to be used in Latvia. When a plant protection product is registered, it shall be subject to conditions of use which shall be indicated on the labelling. In order to use a plant protection product for crops and against harmful organisms not mentioned on the labelling of a plant protection product, an extension of the scope of the plant protection product should be authorised.

Process description

Service requests

E-mail

- Customer sends documents to pasts@vaad.gov.lv or to an official electronic address
- documents must be signed with a secure electronic signature

Mail

- Customer sends documents by mail

In person

- customer arrives at the State Plant Protection Service and submits documents

Documents of the applicant:

- a submission specifying the necessary extension of the scope of use of a registered plant protection product, i.e. crop,

harmful organism, dose of use, period of use, number of plants per season and waiting time until harvest

- a statement stating that:

- 1) the intended use by volume is small

- 2) the application of the proposed plant protection product is safe for human and animal health and the environment

- 3) Expansion corresponds to the public interest

The State Plant Protection Service shall:

- review the documents submitted;

- carry out an assessment;

- decide on the issue of an authorisation for an extension of the scope of use of a registered plant protection product.

Payment for service

The service is subject to payment of EUR 142,29 in accordance with the invoice of the State Plant Protection Service, issued on the basis of Cabinet Regulation No 493 of 12 July 2012, Schedule of State Plant Protection Service Charge Services, Annex 2, paragraph 50 (see section "Other information" - "Legislative acts").
