On-site

In Latvia it is permitted to use only inspected plant protection products and plant protection equipment in accordance with the procedures of use. An inspection of an installation performed in another Member State of the European Union shall be recognised in Latvia if the installation complies with the requirements of regulatory enactments and the intervals of inspections specified in regulatory enactments have been observed.

Process description

Service requests

E-mail

- Customer sends documents to pasts@vaad.gov.lv or official electronic address
- documents must be signed with a secure electronic signature

Mail

- Customer sends documents by mail

In person

- customer arrives at the State Plant Protection Service and submits documents

Documents to be submitted:

- application in free form for the recognition of an inspection of plant protection products used in another Member State of the European Union
- a certificate issued by the competent authority of another Member State of the European Union certifying that the equipment has been inspected in the relevant Member State and conforms to the requirements of regulatory enactments; the certificate shall be accompanied by a translation thereof into the Latvian language

The State Plant Protection Service shall:

- check the documents submitted;
- take a decision on the recognition of an inspection of plant protection products used in another Member State of the European Union.

Payment for service

The service shall be paid in accordance with the invoice of the State Plant Protection Service, drawn up on the basis of Cabinet Regulation No. 493 of 12 July 2012, Schedule of State Plant Protection Service Charge Services, Annex 2, paragraph 86 (see section "Other information" - "Regulatory acts").
