On-site

Only plant protection products registered in the Register of Plant Protection Products are authorised in Latvia.

When a plant protection product is registered, conditions of use are established, i.e. crop, harmful organisms, dose and time of use, seasonal number of trimmings and waiting time until harvest. The conditions of use are indicated in the labelling of the plant protection product, which is approved by registration of the plant protection product.

## Process description

### Service requests

#### E-mail

- Customer sends documents to [pasts@vaad.gov.lv](mailto:pasts@vaad.gov.lv) or official electronic address
- documents must be signed with a secure electronic signature

#### Mail

- Customer sends documents by mail

#### In person

- customer arrives at the State Plant Protection Service and submits documents

- an application for authorisation in accordance with Article 33 of Regulation (EC) No 1107/2009 shall be accompanied by the following documents:

- complete documentation and summary of each of the data requirements for the plant protection product concerned
  - for each active substance, safener and synergist contained in a plant protection product, complete and summary documentation for each point of the requirements for the active substance, safener and synergist concerned
  - justification for each test or study involving vertebrate animals for measures taken to avoid animal testing and repeated testing and testing on vertebrate animals
  - the justification why the submitted test and study reports are necessary for the granting of the first authorisation or for amending the conditions of the authorisation
  - a copy of the application for a maximum residue limit, as referred to in Article 7 of Regulation (EC) No 396/2005, or the reasons for not providing such information
  - draft labelling
- an application for authorisation in accordance with Article 40 of Regulation (EC) No 1107/2009 shall be accompanied by the following documents:
    - a copy of the authorisation granted in the Member State of reference and a translation of the authorisation into Latvian
    - an official statement that the plant protection product is identical to that for which authorisation was issued in the Member State of reference
    - complete or summary dossiers in accordance with Article 33(3) of Regulation (EC) No 1107/2009
    - the assessment report of the reference Member State containing information on the assessment of the plant protection product and the relevant decision

The State Plant Protection Service shall:

- review the documents submitted;
- carry out an assessment of the authorisation;
- take a decision and issue an authorisation for the placing on the market and use of a plant protection product;
- register the plant protection product in the Register of Plant Protection Products;
- issue a marketing authorisation.

#### Payment for service

The service must be paid in accordance with the invoice of the State Plant Protection Service, drawn up on the basis of Cabinet Regulation No. 493 of 12 July 2012, Schedule of State Plant Protection Service Charge Services, Annex 2, paragraphs 36 and 37, or paragraph 39 or paragraph 40 (see section "Other information") - "Legislative acts" ):

- for an application in accordance with Article 33 of Regulation (EC) No 1107/2009:
  - EUR 16363,01 (if Latvia is in the area of the draftsman of the assessment)
  - EUR 2845,74 (if Latvia is a participating country)
- for an application pursuant to Article 40 of Regulation (EC) No 1107/2009, EUR 2845,74
